
ARENARIA

Arenaria nasce dall'eleganza discreta della pietra naturale: una superficie fine, compatta, attraversata da micro-grane e leggere nuvole minerali.
La palette è tutta giocata su toni terrosi e contemporanei — dal Calce al Sabbia, fino a Creta e Asfalto pensati per progetti puliti e architetture essenziali.
È una materia "silenziosa" ma presente: illumina gli spazi, regge l'uso quotidiano e si abbina con facilità a legni, metalli e colori pieni.
Un look naturale, moderno, equilibrato. Senza eccessi.

Arenaria is inspired by the understated elegance of natural stone: a refined, compact surface with a soft mineral grain and delicate cloudy movement.
The palette explores contemporary earthy tones from Calce to Sabbia, through Creta and Asfalto designed for clean, architectural spaces.
It's a quiet material with strong presence: it brightens interiors, stands up to everyday use, and pairs effortlessly with wood, metals, and bold accents.
Natural, modern, perfectly balanced. No excess.
