
CHIANCA

Luce, materia, autenticità. Chianca reinterpreta il fascino della pietra mediterranea con una superficie naturale e luminosa, capace di dare carattere senza appesantire. Le sfumature calde e le micro-variazioni della materia costruiscono un fondo elegante e accogliente, perfetto per progetti residenziali e contract che cercano equilibrio e continuità. È una collezione che dialoga con legni, metalli e colori pieni, portando negli spazi un senso di solidità "vera" e una bellezza discreta, fatta per durare.

Light, texture, authenticity. Chianca reinterprets the charm of Mediterranean stone through a natural, luminous surface that adds character without weighing a space down. Warm shades and subtle material variations create an elegant, welcoming foundation, ideal for both residential and contract projects seeking balance and continuity. The collection pairs effortlessly with wood, metal and bold colours, bringing a sense of genuine solidity and a discreet, timeless beauty made to last.
